TO THE COMMUNITY HONGKONG.

NOTICE.

THE PLAGUE RECOGNITION GENERAL COMMITTEE have the konour to lay before the RESIDENTS of HONGKONG the following statement and to appeal for further subscriptions to enable them to redeem their promises in regard to the recognition to be accorded to the numerous workers during last year's plague.

It will be remembered that when the appeal for Funds was first made, it was intimated that a sum of \$5,000 would pr bably be adequate to meet the cost of medals, &c., &c. As subscriptions flowed in freely from the EUROPEAN COMMUNITY and it was reasonably expected both that the CHINESE COMMUNITY would materially help and that the receipts from the PLAGUE CONCERTS

would be substantial, it was estimated that a sum of \$5,500 would result from the liberality of the public. Acing on this estimate and being guided as HE Steamship to the probable fcost of medals by an expert,

the Committee increased by 50 per cent. the number of Gold Medals to be awarded. It now transpires that the reliance of the Committee upon the CHINESE COMMUNITY and upon the PLAGUE CONCERTS was misplaced, as, instead of sums of \$2,000 and \$1,500, stated at the time to be the sums derivable from these two sources, the total amounts actually received or still due are only \$145 and \$416 respectively; in addition to this, the estimate of the charge for medals locally ascer-

tained has proved to be wide of the mark. The Committee are in a position to state that | Captain Outram, will be despatched for the the cost of medals as they are now advised will be about \$5.500, that the plate, &c., will cost \$1,800 and that a sum of at least \$700 will be required for letters of thanks, contribution to the Italian Convent and other outgoings.

Under the above circumstances, the Committee make a fresh appeal to the generosity or the COMMUNITY for a sum of \$3 000 at least, and trust that it will not be incumbent on them to go back on the undertaking to which they have been committed by speech and record,

E. J. ACKROYD. Chairman of General Committee, Hongkong, 20th January, 1805.

Cold water is not cleansing ; it is medicinal. Cold baths are prescribed for the purpose of silmulation, invigoration and resist-

ance of fatigue and disease. An authority upon all matters connected with
